IMPORTANT TIPS

A few important tips as we navigate using this new technology together:

- This will be the same link and phone number to use each Sunday for as long as we are worshipping remotely
- If possible, use one device per family to make sure everyone can join. Our subscription limits us to 100 participants which should be plenty if we stick to one device per household.
- Keep your audio muted when you are not speaking (you can turn it on if you are sharing a joy/concern or joining in the liturgy). Otherwise the background noise will make it hard for folks to hear. If you are using a phone, mute it if possible. If you can't mute, please try to minimize background noise to help all of us be able to worship.
- If you are having internet connectivity problems, try turning off your video as "audio only" requires less bandwidth.
